1. Water Supply and Sewerage Systems: No individual water supply system or sewerage disposal system shall be permitted to any lot within each system is located, constructed, and operated in accordance with the requirements, standards, and approved in the State of Alaska which govern these systems. Sewerage disposal systems shall have a minimum contact area of 120 sq. feet minimum. Setbacks shall be at least 25' from the road right of way, or from other property lines.

Approved by the Alaska Department of Environmental Conservation, Division of Water and Air Pollution, in accordance with 18 AAC 070.010 and 18 AAC 070.015, subject to any other restrictions.

February 2, 1982

Chitina Recording District, Alaska

Shelley A. Stark, land surveyor  
300 McKinley Dr., Anchorage, Alaska

Sheet 2 of 2 February 1, 1982

This plan is being certified for the purpose of dedicating Tract A, the strip, to the public and Tracts B and C, ponds and wetlands, to the public. No other changes were made.
